Visitor Appointment Form (UCI-AP-VS1) Guidelines

For Visiting Scholars, Visiting Graduate/Undergraduate Students as covered by APM 430

The University of California, Irvine welcomes scholars from outside institutions. The campus recognizes these scholars' important intellectual contributions with the Visiting Scholar or Visitor designation. Visitor and Visiting Scholar appointments must comply with the requirements in <u>Academic Personnel Manual 430</u>.

Definitions

A Visiting Scholar must possess a terminal degree or foreign equivalent.

A **Visitor** (graduate or undergraduate student) must be enrolled in a degree-granting program or equivalent at a non-University of California institution of higher education.

Limitations

An individual may **not** hold a "Visiting Scholar" or "Visitor" title if the individual holds any of the following affiliations with any University of California campus:

- registered student
- contractor
- any appointment/employment

An individual may <u>not</u> hold a "Visiting Scholar" or "Visitor" title if the individual's appointment fits the criteria of another academic title. In some cases, the following titles may be a better fit:

- Visiting Appointments (APM-230)
- Professional Research Series (APM-310)
- Specialist Series (APM-330)

Visiting Scholars and Visitors may not engage in teaching, patient care, or clinical service.

The University reserves the right to withdraw Visiting Scholar/Visitor privileges and terminate the appointment without prior notice.

Compensation and Reimbursement

Visiting Scholars and Visitors are **ineligible for compensation** or payments in lieu of salary, and must be self-supported or have adequate external support for the duration of their appointments. Visiting Scholars and Visitors are not employees of the University, and should be entered into UCPATH as a contingent worker.

Visiting Scholars and Visitors may be eligible for:

- Reimbursement:
 - of travel expenses, if the expenses are for University business
 - of incidental research expenses
 - of health insurance and/or professional liability insurance if appropriate or required

A reimbursable expense is an expense that contributes to any one of the University's major functions of teaching, research, patient care, or public service. See <u>Business and Finance Bulletin G-28</u> for guidelines related to reimbursement of business and travel expenses. The Department is responsible for initiating and routing any reimbursement or cost of living allowance.

- Support
 - in the form of cost of living allowance
 - to help defray the amount of money spent on food, clothing, housing and other basic necessities

Requirements

Appointments of Visiting Scholars or Visitors must serve an academic purpose for the unit or department visited.

During their appointments, Visiting Scholars and Visitors are **bound by the rules and policies of the University of California**, including but not limited to, those governing ownership of intellectual property rights, safety, and harassment.

Duration

Appointments are **not to exceed one year (12 months)** and are non-renewable.
